Observations... From Around Town

(BY JAY WHOZIT)

Dogs, cats, and more dogs—yes, Mr. Mayor, the city streets, and you know they are dangerous, especially at this time of year. Fortunately no one has been bitten by one yet, but there are reports from many places that several children and even some grown-ups have been bitten, so we suggest that these dogs be ordered locked up or disposed of by city police, before some one is hurt through this sheer negligence. The Red Cross Campaign Fund Drive has been extended to April 25th, and the Hancock County unit of the American Cancer Society is still short (at this writing) of some \$1200, so come on folks, open up your hearts as well as your purses and let's get this thing over with. The St. Joseph Academy May Festival will be held on Saturday evening, May 16th, at the Bay High School on Friday evening, May 7th. Students ended its spring football practice last week with an inter-school game on Saturday afternoon, which brought out a lot of promising material for next season. Baseball and tennis now take over the spotlight for the rest of this school year at St. Stanislaus. Rev. (Bishop-elect) Leo F. Fahey was a well-known visitor to friends and relatives here this week. Spring football practice at Bay High brought out quite a number of promising prospects for next year's squad, who will be running for their first game of the 1948 season when they will meet their newly-acquired "cross-town" rivals, Saint Stanislaus. These old-time dyed-in-the-wool hunters, who wait all year to hunt turkey for two weeks in April, will just have to put up the old "chund-rubbs" and oil it back in the case and wait until next year, because the season has been kept closed this year on wild turkey. This is the time of the year folks to get rid of rats if there are any around your place, because they are not only dangerous to humans but they also destroy property, so set your traps or put out poison (but carefully) now. The Mississippi Legislature adjourned last week and we are awaiting copy of the bill, authorizing issuing of bonds for beach and road repair, in order that we may publish same. Yessir, folks the oxygen tent which your dollars purchased for the local Kinas Daughters Hospital as we understand it, had not yet been completely installed before it was put into use and saved the life of a 6-week old baby, a victim of double pneumonia. Now really, don't you just feel swell when you know that you were partly instrumental in getting this much needed instrument for the hospital? Mayor Charlie Harris, of Canton, Miss., and Editor of the Canton News who has visited friends locally quite often, was defeated for reelection on Tuesday of this week, by a World War II veteran, 764 to 370. Temporary approaches to the beach road in front of Our Lady of the Gulf Church were completed this week and one at the end of Union Street will be completed shortly, also the temporary road which is now being pumped in by the Hancock County dredge between d-Montluzin Street and the highway bridge is expected to be opened to traffic shortly, well we can do some wishful thinking too. The clock in the tower of Our Lady of the Gulf Church was given a face-lifting this week and the new face was installed to replace one that had been broken during the September storm. You may not think so, but the faces in these clocks are approximately six feet in diameter. Postmaster Leo Ford was the lucky guy, folks, he got that Pontiac Pete Porter had on display, but don't worry, Pete says he'll be getting more soon. Massachusetts had in Calvin Coolidge an outstanding Governor and a man of few words, in their present Lieutenant Governor Arthur W. Coolidge, well we can't say it, but his ears point heavenward, undoubtedly he really displayed his intelligence when he let out his tirade against the south and its fight for industry at a time when the outstanding newspapers and magazines of the country are praising the work of the industrialists who have started the Mid-South development program.

Boy Scouts Present Court Of Awards

On Monday, April 12th the Bay-Pass District of Boy Scouts presented a Court of Awards and Scouting achievements program to their parents and friends, in the Pass Christian Public School auditorium, with Field Executive Elmer Scott of New Orleans and officials of Troops 217 and 208 of Bay St. Louis and Troop 216 of Pass Christian participating.

Rt. Rev. Msgr. A. J. Gmelch gave the invocation.

District Chairman L. S. Elliott gave the opening address.

The program was most interesting and educational. A dramatic presentation was narrated by E. J. Jilek, during which time men and boys acted in pantomime.

Presentation of tenderfoot, 2nd class, 1st class, Star and Life merit badges was made.

This little program was well attended but it was noted there was room for many more. Perhaps if the parents really understood how hard their son worked for that advancement or merit badge or even a card of recognition and also how much effort their scout masters and their assistants put forth to help the lads and finally the men on the various committees must work hard and harmoniously in order to make these Courts of Awards possible. Perhaps if you thought how proud your boy would be to have you there when he is presented that award you would make it a must on your calendar.

Jack Kohl and members of troop 216 and the committee men are to be commended for the time and efforts they spent in making this court of awards the success it was. Good work fellows!

De Lima Church, Joseph S. Richardson, Lucius F. Pucheu, Joseph V. Perry, Hugh F. Ryland, Mark Solomon, Charles A. Scianna, and Earl J. Wiegand.

The degree of Vicksburg Council conducted the initiation.

S. H. A. 'ALL GIRL' BAND OF BILOXI PRESENTS INTERESTING PROGRAM

The Sacred Heart Academy All Girl Band of Biloxi presented a very interesting program in its first annual exchange of concerts with the Saint Stanislaus Band last Monday night.

It is believed that this is the only "all girl" band in Mississippi. This fine musical organization has been functioning only one and a half years. It is something worthy to note that in a small school with an enrollment in the high school department of just a few over one hundred students, it is possible to recruit enough students to have a sixty-four piece band.

The program included many very interesting selections among which were the numbers which this band will play at the State Band Contest on April 29. The band gave a very fine rendition of "The Oracle Overture" the number which they selected for the State Contest. Barthe Mangin, did very well in conducting the selection, "Monte Cristo." Berthe will conduct this number in the contest for student conductors in Jackson. The piano accordion duet by Joan Mavar and Pat Quigley was very well received by the audience. Berthe Mangin was the piano accompanist for this duet and she did a nice job of it.

After the concert, the members of the visiting band, the members of the Stanislaus Band and several adult guests gathered in the college gym where refreshments were served and dancing went on till about 10:30. The Bay Hi Dance Orchestra, under the direction of Mr. George Wimberly, furnished the music for the dance.

The Stanislaus Band and its director, Brother Romuald, wish to express their appreciation to all those who have, in some way or other, contributed to the success of this concert.

Dogs Will Be Vaccinated Saturday, April 17th.

Dr. Leon D. Johnson, has distributed notices that he will hold a rabies vaccination campaign for dogs in the following places: on Saturday, April 17th.

Ladner's Store, Clermont Harbor, 8 to 9 A. M.

Town Hall Waveland—9 to 11 A. M.

Knights of Columbus Hall, Bay St. Louis—1 to 3 P. M.

The vaccination is good for one year and a tag and certificate will be issued. The price of the vaccination will be \$1.50 per dog.

It would be well for everyone to have their dogs vaccinated for rabies. One mad dog in the City of New Orleans bit 17 people before he was killed.

May we also suggest that all dogs that are not vaccinated should be kept shut up; the Mayor should issue strict orders to the City Police-men to kill every dog loose on the streets that does not have a tag, showing that he has been vaccinated, and just another suggestion, the City policemen should not use pistols to kill dogs, it takes an expert to do this, but should use a shot gun. It is probably far less dangerous.

Chamber of Commerce Met; Thursday Evening

At the regular monthly meeting of the Hancock County Chamber of Commerce held on Thursday night of last week a committee was appointed to contact the owners of 1100 feet of ground at the extreme north end of the Beach to ascertain whether this ground is for sale.

The committee would then approach the Dorgan Packing Company whose plant was destroyed by the hurricane of September 19, and which is to be rebuilt, as to whether the company would be interested in buying this land as a new location for their factory. The residents of North Beach who are interested in seeing the Dorgan Company plant as to whether they would be re-located would then be approached to purchase the present site of the Dorgan Company to be used for a future Yacht Club for Bay St. Louis.

The committee, composed of Earl Ramond, John Scalfide and Alden Mauffray will report to the Chamber of Commerce at the May meeting.

The matter of painting on the City Water Tank "Bay St. Louis" as an attraction to tourists and visitors came up for discussion and has already gone through the proper channels and this will be done.

MRS. MOGABGAB ATTENDS GARDEN CLUB CONVENTION

Mrs. Eugene Mogabgab attended the State Convention of Garden Clubs, Incorporated, which convened at Columbus last week. Mrs. Mogabgab was official delegate from the Bay-Waveland Garden Club. She is State Garden Center chairman.

Mrs. Mogabgab reports the convention well attended and though there was something to be learned during the entire time, yet she deemed the highlight of the program, the two hour instruction on flower arrangement given by Mrs. J. C. Green of Jackson.

As a feature of entertainment the visiting club members were taken on a tour of the old historic homes of which Columbus is justly proud. Going from the coast with Mrs. Mogabgab were Mr. and Mrs. Tom Adams, Pass Christian, the latter being the official delegate from the Beach Garden Society and Mrs. L. being the official delegate from the Gulfport Garden Club.

Dear Mr. Colson:
Thank you very much for your letter of March 19th with reference to your organization's views on universal military training.

I assure you that I will give this matter most serious consideration when it comes up.

These are indeed difficult times, but I believe that if we all think and work hard at common sense solutions we will pull through and render a real service to our people.

Your advice and counsel are always welcome, and I hope that you will continue to favor me with suggestions.

With kindest regards, I am
Sincerely yours,

each Legion meeting, and that a request be made of each organization and of the institutions of learning in Bay St. Louis, that they sing or play the National Anthem at the opening of football games, concerts, meetings, socials, etc.

Plans for the immediate erection of the Legion Home are underway, and it is expected that construction will start shortly. The legion needs help to erect their building, and one way of securing help is to have a larger membership. All veterans of World War I and World War II are requested to join the Legion.

CANDIDATE FOR MAYOR

WHAT I STAND FOR:

Hello, Folks:

Have you taken time out in the past three weeks to figure the amount of taxes you have paid into the City Treasury during the past fifteen years? Stop for a few moments and concentrate on the amount and what you have received in return. Do you think your taxes are just? I will agree with you that you have not received the things to which you are entitled. I am going to give an illustration on how the entire thing is worked.

Three and one-half years ago I purchased my home at 106 Toulme for the sum of \$2500.00. It is a five room home with hall and bath, 56 ft. frontage, 89 ft. deep. There is no sidewalk or drain. I am assessed for \$1000.00 less \$250.00 Homestead Exemption, making a total of \$750.00 on which I pay taxes. Now let's take the home of the Honorable Mayor who resides about a mile south of me. His home is worth in the neighborhood of \$12,000.00, on a corner lot 136 ft. by 339 ft., paved street, drain in front and side walks on both sides of the street. His total assessment is \$1450 less a Homestead Exemption of \$450, making a total of \$1,000.00 on which he pays taxes. This is just one example of the things that exist in our city. Do you think that this is a just administration?

Now Folks, as taxpayers, voters and true, loyal, American citizens, do you want Democracy or Communism? Think of the future of your children and the obstacles that will confront them if we do not make an immediate change in our local city government. Think of the advantages you will have with an honest government. If I am elected to the office of Mayor, I will see that every home, lot and business place will have an honest and just tax. The Assessment Roll will be revised before you pay your 1948 taxes.

Now watch the ones who are getting by cry. You don't have to know from the records. Watch the criticism of this article and you will know those who are getting taxes at an outrageously low assessment.

Sincerely yours,

EARL RAMOND.

LEGISLATURE PROCEEDINGS IN MEMORIAM—

Last Monday afternoon the Senate and House held a joint memorial service for the late Representative Littleton Upshur of Leflore County, who died February 25. Senator Maxwell Bramlette, president pro tempore of the Senate, presided over the joint session.

Representative W. W. Whittington, Jr., of Leflore County, successor to Representative Upshur, read and presented the resolution commending the long, faithful and efficient service rendered by the departed colleague in both the Senate and House.

Brief eulogies were given by Representative Reece Bickerstaff of Harrison County; Senator Frank Smith of Greenwood; Representative Boyce Holleman of Stone County; Miss Evelyn Grady, House member from Forrest County; Senator Hugh Boren of Tupelo, and Representative Elmer McCoy of Prentiss County.

Mrs. Upshur of Greenwood, and daughter, Mrs. Erskine Wells and Mr. Wells, of Jackson attended the impressive services.

BENTON COUNTY GETS FIRST PAVED ROAD

The House of Representatives adopted a Senate-approved appropriation bill granting \$250,000 from the state's general fund to give Benton County a concrete or blacktop road from Holly Springs to Ashland over Highway 4, a distance of 18 miles. The bill has been sent to the Governor for his signature.

AUTHORIZE SALE OF STATE-OWNED LANDS IN CITY OF JACKSON

Last Wednesday both the Senate and House gave final approval to House Bill 155 which authorizes the sale of the Old Asylum property; the Blind and Deaf School property; and other tracts of state-owned lands within the city limits of Jackson.

It was a compromise measure as passed and now needs only the Governor's signature to become law. As finally cleared by adoption in both houses of the conference committee's report the Building Commission is given full authority to, first, have a complete survey made of the remaining lands in the asylum tract—part of the original land has been sold to Jackson for a park, another parcel for the site of the Bailey Junior High School, a part set aside for the Farmers Market, and the other parts set aside for the women's club building, the proposed Hinds County Memorial Stadium, the Jewish synagogue and other projects.

Once it has a clear over-all picture, the commission is authorized to set aside whatever acreage it feels necessary for several state hospital projects, either planned or authorized, and to sell at a reasonable figure, lands for the proposed Jackson Memorial Building. It also is specifically authorized to set aside the site for new Deaf and Blind School plant, off the Old Canton road; then when the new plant is ready, to dispose of the old site—both in valuable business and residential sections. After it has "earmarked" lands in the tract which the state needs, or might need later for building projects, the buildings commission is given authority to sell the remaining land.

WORKMEN'S COMPENSATION BILL PASSED—SENT TO GOVERNOR.

Last week the House by a vote of 70 to 46 concurred in the 14 amendments attached to the original House bill as passed by the lower house, and the bill is now on the Governor's desk awaiting his approval to become law.

As finally passed the bill calls for creation of a state workmen's compensation commission of three members to be appointed by the governor for staggered terms.

The act would cover every business in the state in which eight or more persons are employed. The employer would take out insurance to cover costs of compensation to employees injured in the course of their duties or the survivors of death victims.

Compensation would be paid at the rate of two-thirds of the employee's weekly salary up to \$25 a week for a maximum of 450 weeks. The maximum of \$8,600 obtainable in total benefits is higher than that of any other southern state.

Widows and widowers would be paid at the rate of 35 percent of the weekly wage of their deceased spouses and children from 10 to 15 percent.

One major amendment was adopted which would permit the husband of a deceased wife benefits from the act regardless of whether he had depended on his wife for support.

Another amendment to the house bill permits the act to apply to businesses hiring eight or more employees rather than five. Still another will prevent a widow from drawing a two-year lump sum payment after she had drawn benefits for nearly the maximum period of months.

Still other benefits of the bill are provisions for a lump sum payment of \$100 to a survivor plus \$350 for burial expenses. All compensation payments would be provided by the insurance company to which the business subscribed.

Persons unable to gain a satisfactory decision from the commission would be allowed to appeal to a circuit court.

"WAY DOWN SOUTH IN MISSISSIPPI"

A new official state song titled "Way Down South in Mississippi" was adopted Friday by the House. The Senate had already adopted House Concurrent Resolution 36 as amended, which authorized the state song.

The words for the new song were supplied by Vance Barnes of Pascagoula, and Mrs. Josie Gautier Barnes of that city supplied the lyrics.

HOUSE BILLS PASSED BY THE SENATE INCLUDED:

Appropriation of \$1,000,000 for experiment stations; reappropriate \$475,000 for commission on hospital care; for Central Farmers Market Board, \$25,000; State Marketing Commission, \$132,000; State Market News Service, \$12,000; Board of Health-Education Department cooperative program, \$100,000; appropriate for use by Governor and attorney general in contesting Federal Court suit filed by Jackson negro teacher for equal pay, \$25,000, and for Surplus Property Commission, \$60,000.

SENATE BILLS PASSED BY THE HOUSE INCLUDED:

Increase pension allowances for Confederate veterans; and others under that program; require all borrowers from a building and loan association to be members of said association; for leasing of 16th section lands in Choctaw Purchase by giving present holders priority in renewals.

Little Theatre Hurricane Party Held April 3rd

Approximately \$1500.00 Cleared on Raffle—Prize Winners Listed—"Craig's Wife" Next Play Scheduled—Cast To Be Announced Next Week

The Little Theatre Hurricane Party at St. Joseph gymnasium on Saturday, April 3rd was a huge success—both for the guests and for the Little Theatre new playhouse fund.

About 200 people attended, and prizes were drawn and awarded to the holders of the winning tickets. Approximately \$1500 was cleared on the big raffle.

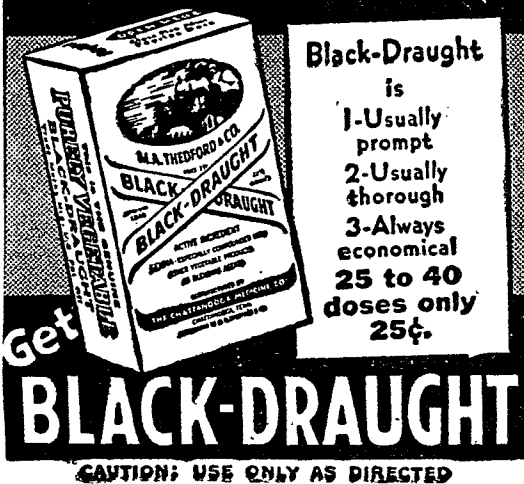

George Kramer's six-piece orchestra furnished the dance music. Prizes were being passed out so quickly from the stage of the gymnasium that it was difficult to get the names of all the winners, but as nearly as we can say these were the lucky ones:

ALTAR SOCIETY MEETS MEMBERS URGED TO PAY DUES

The regular monthly meeting of the Altar Society of Our Lady of the Gulf Catholic Church will be held on Wednesday, April 21 at 3:30 p. m. at St. Joseph Academy.

All annual dues were due to be paid in January and Mrs. Charles Zerr, president of the society, is urging all members who have not paid to please get their dues to her at as early a date as possible. She will call for them if those concerned will designate a time for her to call. Mrs. Zerr says she finds it hard to make more than one visit to a home to collect and very often she makes more than one and still does not contact the person she has to see. She reports more than 100 members to contact and asks earnestly for your cooperation in this matter. It is so easy to neglect these small matters in the busy lives people lead today and no one realizes this more than Mrs. Zerr and this is her appeal to you who have not been contacted.

cleaning!

Grandma will tell you that housecleaning was one chore she hated—and Grandpa dreaded. But that was before electricity had taken so much work out of housework.

• Now, with cheap, dependable electric service ready to lend a hand—or a dozen hands—housecleaning has been stripped of much of its drudgery. Housecleaning—and housekeeping, as well.

• For the cost of a couple of candy bars a day, the housewife has a dozen helpers at her elbow. Today, electricity washes, cooks, sews and cleans, preserves her food, lights her home and entertains her.

• Never before has electricity done so much to make life easier and more comfortable. Yet the average family today is still getting twice as much electric service for its money as it got 20 years ago. What other item in the budget does so much for so little?

The low price of electric service makes possible the highest standard of modern living in every home, no matter how modest. For the best in electrical home appliances, see your electrical dealer or visit our nearest office.

ORTITE THEATRE WED. - THURSDAY "THE WEB"

With William Bendix, Edmond O'Brien Ella Raines, Vincent Price

Universal-International's new 4-star production, "The Web," opens Wednesday and Thursday at the Ortte Theatre.

Co-starring Edmond O'Brien, Ella Raines, William Bendix and Vincent Price, the picture is a combined murder-romance story in which O'Brien and Miss Raines, while getting a crush on each other get mixed up in a couple of murders. The two become entangled in a web of circumstantial evidence that threatens to send them to the chair until Bendix, as the police lieutenant, suddenly pins the slaying on Price, leaving Ed and Ella to get mixed up in romance.

Sure Fire Hit
Advance reports from New York and Hollywood indicate this is a sure-fire picture that will have appeal for old and young alike.

Four "firsts" were established with the filming of "The Web." It was the first picture at the studio for Vincent Price under his new contract, for Director Michael Gordon since arriving from Broadway, for Producer Jerome Bresler after leaving M. G. M. for U-I, and first assignment for Irving Glassberg as first cameraman.

Besides the four stars, the cast includes Maria Palmer, as the daughter of one of the murder victims, and John Abbott, as Price's butler-confidant who is slain. Fritz Leiber, as Miss Palmer's father, and Howland Chamberlain, as a reporter-turned-novelist, also are in the cast.

Based on an original story by Harry Kunitz, "The Web" screenplay was done by William Bowers and Bertram Millhauser.

State Trappers Gross \$1,250,000; County Total Is \$13,000

A total of 4,472 licensed trappers in Mississippi sold approximately one and one quarter million dollars worth of skins and fur during the 1947-48 season.

According to Director R. M. Freeman of the State Game and Fish Commission, the most complete report came from the forty-five licensed trappers in the county. Their gross was \$13,000, this sum being considerably reduced from the 1946-47 season because of the large numbers of muskrat killed during the September Hurricane.

Dr. J. W. Bell Dies at University Of Mississippi

Mrs. C. M. Shipp was apprised by telephone on Friday, April 9 of the sudden death of her brother-in-law Professor James Warsaw Bell, dean emeritus of the school of commerce and business administration at the University of Mississippi who died at his home on the campus at an early hour Friday morning of a heart attack. A grandson, Nolan Dickson, a university student found him dead in his room.

Dr. Bell had been a member of the "Ole Miss" faculty for 42 years and was an ardent supporter of Rebel athletic teams and the night before his death he saw the Ole Miss baseball team defeat the University of Florida.

Dr. Bell was 79 years of age and was first dean of the school of commerce and business administration and dean of the school of education, president of the Alumni Association and chairman of the Athletic committee.

He was decorated by the Italian

Workshop held during the session which she considered most helpful. Some points brought out in the workshop she said were that organizations often missed their own local talent when they sought out-of-town speakers on their programs; that unit presidents should begin planning for the next year's work immediately after the summer institute; that a good meeting should consume an hour and a half of time—a half hour of which could be given over to a social hour; that County councils are most important in the work.

Mrs. Ellis Guillory reported on the convention in general. She was especially impressed with the number of outstanding women in the state and mentioned the nomination of Mrs. C. C. Clark as national vice president of the National P. T. A. She had enjoyed meeting the English exchange teacher who is teaching in Jackson and who is attempting to live on an English salary in the United States with our high cost of living. She spoke appreciatively of the tea given in honor of the visiting teachers at the Governor's Mansion and the genial hospitality extended.

Mrs. C. C. McDonald reported on the address of Dr. Ralph McDonald, chairman of the World Citizenship Committee, on Education for World Citizenship. Mrs. McDonald gave a few of the high points of this address which was given at the joint meeting of the P. T. A. and Public Welfare.

Mrs. McDonald quoted Dr. McDonald as saying in answer to his opening sentence "What is World Citizenship," that a good town citizen given facts and larger opportunities would become a good county citizen, a good state citizen, a good national citizen and a good world citizen. He said further that the tensions of the world today are caused by several factors one of which is the difference in ideological's. The Democratic way and the Totalitarian way are so basically different in concept, method and purpose there seems little to choose today between the method of active Russian aggression and the Hitler way. A democracy considers the work of each individual whereas the Totalitarian concepts are that the state is of first importance. It is not strange that people were killed by the 100s and 1,000s in the war because the individual was not important. Democratic people are taught to be open and trusting and trickery or any means to gain the end is the contrary way.

The two great dangers in the United States today, Dr. McDonald said, are intolerance and apathy. Our representatives are limited by the attitude of the people at home for a leadership rises no higher than its people.
